Women’s Caucus For Art/Colorado Chapter

## Women's Caucus for Art

The Women's Caucus for Art is a major national organization expanding opportunities and recognition for Women actively engaged in visual arts professions.

Originally founded in 1972 and based in New York City, WCA is a national organization unique in its multidisciplinary, multicultural membership of artists, art historians, students and educators, gallery and museum professionals. We focus attention on the enormous contributions of women and people of color in the arts.

Many of our members enjoy national and international prestige for their artistic and scholarly contributions to the arts, and for their feminist activism. These achievements, and the recognition they receive, pave the way for new generations to further shape the women's movement in contemporary art.

## Colorado Chapter

The Colorado Chapter of the Women's Caucus for Art is based in Denver and keeps members informed of current art events, holds regular meetings, and provides opportunity for art exhibitions in Colorado, the Rocky Mountain region and nationally.

Our goal is to provide a support network by offering encouragement, inspiration, networking and exhibition opportunities. In the future we are planning activities such as studio visits and tours, panel discussions, critique sessions and guest speakers. Our meetings are always open to the public and potential new members, men or women. See our [Events page for upcoming meetings](#)
